Industry Membership Application

Be part of the organization that advocates for your business and your customers.

As the knife industry trade association, AKTI works to promote knives as tools, encourage industry growth, solve common problems, and remove restrictions to making, selling, and possessing knives and edged tools.

We offer two main categories of industry memberships, with additional options so you can choose the membership that best suits your business. Membership is open to anyone involved in a knife-related business or organization. Premier membership gives you the opportunity to be more involved, participate on committees, and have voting rights. Associate members are not eligible to vote, but all categories of membership are welcome to attend and participate in the annual meeting. Membership is on a calendar year based on the joining date. (See more information on the reverse side.)
